RESEARCH METHODS · PRACTICAL INVESTIGATIONS

Practical Investigation Card: 1

Fill one in for each practical. Learn it like a named study.

Practical: _____

Heading	My practical
Aim	
Hypothesis (direction?)	
IV (operationalised)	
DV (operationalised)	
Sample: size, age range, gender balance, recruitment	
Procedure (4–5 steps, controls, ethics)	
Results (descriptive + inferential test)	
Strength	
Weakness	
Improvement (what + why it helps)

RESEARCH METHODS · PRACTICAL INVESTIGATIONS

Practical Investigation Card: 2

Use the prompts at the bottom to keep every answer specific.

Practical: _____

Heading	My practical
Aim	
Hypothesis (direction?)	
IV (operationalised)	
DV (operationalised)	
Sample: size, age range, gender balance, recruitment	
Procedure (4–5 steps, controls, ethics)	
Results (descriptive + inferential test)	
Strength	
Weakness	
Improvement (what + why it helps)	

Before you write: does my answer mention **my** sample, **my** variables or **my** procedure? An improvement says what I would change and why it would help, not just what went wrong.
